Job Title: Performance Physiotherapist (Casual Multi-sport)

Unit/School: Cardiff Met Sport

Grade: 5A/B

HERA: CMETS145

Core purpose of role

The Performance Services team is an integral part of the wider Sports System, working across the university's performance programmes to deliver the highest quality support with the aim of ensuring the very best student-athlete experience. The current role will have the responsibility for the development and delivery of medical services to our Performance Sport Programmes and TASS. The successful candidate will work closely with existing Performance Services team to grow the performance support provision, whilst also acting as clinical lead for multi-sport athletes.

Key responsibilities and contributions

- Act as a medical liaison with the Head Coaches and Head of Performance Services to understand and meet the needs of the relevant programmes.
- Responsible for the planning and administration of a robust physio provision for allocated Cardiff Met Sports performance programmes.
- Lead the delivery of a detailed physiotherapy provision, utilising the wider MDT, academic staff, and the student workforce to supplement the delivery of services.
- Working closely with the Head of Physiotherapy and Head of Performance Services to coordinate the delivery of a detailed physiotherapy provision for the Cardiff Met performance team's, whilst also utilising the wider MDT, academic staff, and the student workforce to supplement the delivery of services.
- Where appropriate, work closely with professional clubs and NGB's to align the support and management of high performing athletes to enable a high-performance university sport environment.
- Ensure all performance programme players have access to a structured concussion management protocol and identify opportunities for a suitable concussion management provision.
- Deliver structured return to play (RTP) processes and concussion protocols aligned to government and NGB guidance.
- Ensure a proactive, robust and collaborative approach to physical preparation programming and clinic-based delivery throughout the season.
- Provide contact training sand matchday medical cover where required.
- Provide regular digital reports to Head Coaches and Performance Services team to aid in programming, planning, team selection and squad-based decision making.
- Experience of using diagnostic equipment and athlete programming and monitoring systems (VALD, Gymaware, TrainMyAthlete etc).

- Coordinate and support the supervision of placement and internship students.
- Comply with all clinical governance processes and codes of conduct, completing associated duties for the British Universities & Colleges Sport (BUCS), CSP, and HCPC minimum operating standards, including the audit and review process for all relevant areas.

Person specification

Essential qualifications / Professional memberships

- A degree in physiotherapy.
- Member of the Chartered Society of Physiotherapy
- Health Professions Council (HPC) registered.
- PHICIS, ITMiFF or other pitch side trauma qualification (or approved by Royal College of Surgeons Edinburgh endorsed immediate care certificate).

Essential experience, knowledge and skills

1. Experience of pitch side physio support.
2. Experience of assessing and treating musculoskeletal conditions and sports injuries.
3. Ability to develop and maintain positive relationships with athletes, staff and stakeholders.
4. Excellent written and verbal communication skills.
5. Excellent problem solving and decision-making skills.
6. Demonstratable commitment to CPD.
7. Ability to work as a team and independently.
8. Commitment to working in a flexible approach and an understanding of the working hours and demands of performance sport.

Desirable

1. Experience of developing service provision to meet the needs of teams and/or athletes.
2. Experience of communicating and working with coaches or Performance leads.
3. Understanding of the pressures of student-athletes.
4. Experience of working with high performing athletes.

Welsh skill requirements

Welsh is essential to our students and staff and is a key part of our provision and services. For every position at Cardiff Met, proficiency in Welsh language is either essential or desirable. You can find information about the levels by viewing our booklet: Welsh language skills levels. If a skill is listed as essential in the table below, please ensure you demonstrate this in your online application form.

Language level and general descriptor	Listening	Reading	Speaking	Writing
A1 – Beginner Can understand and use familiar everyday expressions and very basic phrases in Welsh.	Desirable	Desirable	Desirable	Desirable
A2 - Basic user Can deal with simple, straightforward information and communicate in basic Welsh.				
B1 - Intermediate user Can communicate, to a limited level, in Welsh about things that are familiar and/or work related.				
B2 - Upper intermediate user Can express myself in Welsh on a range of topics and understand most of a conversation with a native speaker.				
C1 - Fluent user Can communicate fluently in Welsh.				
C2 - Master user Can communicate fluently on complex and specialist matters in Welsh.				

Disclosure & Barring Service requirements
