JOB DESCRIPTION

Job Title:	Lecturer in Human Nutrition and Dietetics
Location:	Cardiff School of Sport and Health Sciences
Hours:	22.2 hours per week (0.6 FTE)
Tenure:	Permanent
Grade:	7 A/B
Salary:	£46,049 - £51,753 per annum pro rata
Accountable to:	Academic Team Lead Healthcare

Principal Duties and Responsibilities:

The post-holder will contribute to teaching on the BSc (Hons) Human Nutrition and Dietetics programme, and nutrition content of the BSc (Hons) Food Science and Nutrition programme, with the potential to contribute to the MSc Advanced Practice.

They will have a flexible approach to the development, organisation, and delivery of teaching and will participate in research and innovation activities across programmes. The combined areas of teaching will be in nutrition and food science, could include nutrition micro and macronutrient topic content, contemporary nutrition and public health population and lifecycle nutrition. The post-holder will be required to engage with students from a range of discipline areas.

The post-holder will deliver specialist content via lectures, tutorials, seminars and practical classes. They will support students as a personal tutor and supervise undergraduate and postgraduate research projects and engage with the technology-enhanced learning agenda.

ROLE PROFILE

Principal Duties and Responsibilities:

Teaching and learning support

- Supervise undergraduate and postgraduate research students.
- Design teaching material and deliver either across a range of modules or within a subject area.
- Use appropriate teaching, learning support and assessment methods.
- Supervise student projects, and/or e.g. field trips and, where appropriate, placements.
- Identify areas where current provision is in need of revision or improvement.
- Contribute to the planning, design and development of objectives and material.
- Set, mark and assess work and examinations and provide feedback to students.

Research and scholarship

- Lead research and/or innovation proposals and projects with the potential to generate income, to manage project deliverables, deliver outputs and secure impact.
- Work with university stakeholders to identify sources of research funding and lead the process of securing funds.
- Manage the delivery of individual and/or collaborative research projects to time and on budget.
- Apply knowledge acquired from research and innovation as well as scholarship to learning and teaching, and appropriate external activities.
- Lead the design and production of peer-reviewed publications and/or practitioner outputs, and/or disseminate research findings using other appropriate media.
- Make presentations at local, national and international academic and/or practitioner conferences or exhibit work in other appropriate events.

Communication

- Routinely communicate complex and conceptual ideas.
- Disseminate conceptual and complex ideas to a wide variety of audience.

Liaison and networking

- Participate in and help develop internal and external networks for the benefit of Cardiff Metropolitan University in the areas of teaching and research such as:

- Leading and developing internal networks for example by chairing and participating in School and Institutional committee.
- Leading and developing external networks for example with external examiners and assessors.
- Developing links with external contacts such as other educational bodies, employers, and professional bodies to foster collaboration.

Managing people

- Mentor colleagues with less experience and advise on personal development.
- Depending on the area of work, could be expected to supervise the work of others.

Teamwork

- Act as a responsible team member, leading where agreed, and develop productive working relationships with other members of staff.
- Collaborate with colleagues to identify and respond to students' needs.

Pastoral care

- Could be expected to act as a module tutor.
- Be responsible for the pastoral care of students within a specified area.
- Deal with standard problems and help colleagues resolve their concerns about progress in research.

Initiative, problem-solving and decision-making

- Assess, interpret and evaluate outcomes of research.
- Identify the need for developing the content or structure of modules with colleagues and make proposals on how this should be achieved.
- Develop ideas promoting the subject and/or research areas.
 - e.g. Develop ideas and find ways of disseminating and applying the results of research and scholarship.
 - e.g. Responsibility for the design and delivery of own modules and assessment methods.
 - e.g. Collaborate with colleagues on the implementation of assessment procedures.
 - e.g. Advise others on strategic issues such as student recruitment and marketing.
 - e.g. Contribute to the accreditation of courses and quality control processes.

Planning and managing resources

- As module leader or tutor, co-ordinate with others (such as support staff or academic colleagues) to ensure student needs and expectations are met.
- Manage projects relating to own area of work.
- Participating in developing ideas for generating income.

Sensory, physical and emotional demands.

- Balance the pressures of teaching and administrative

demands and competing deadlines.

Work environment

Within the context of Cardiff Metropolitan University's H&S policy, depending on area of work and level of training received, may be expected to conduct risk assessment and take responsibility for the health and safety of others.

Expertise

- Possess sufficient breadth or depth of specialist knowledge in the discipline to develop teaching and/or research programmes and the provision of learning support.
- Use a range of delivery techniques.
- In-depth understanding of own specialism to enable the development of new knowledge and understanding both within the field, and through application.

Standard Notification

These guidelines are provided to assist you in the performance of your role. The university is a dynamic organisation; therefore, changes may be required from time to time. Any changes will be made in consultation with the post-holder. The Summary of Duties and Responsibilities is not intended to be an exhaustive list of tasks performed. Other associated tasks are likely to be performed as directed by the line manager.

The University is committed to the highest ethical and professional standards of conduct. Therefore, all employees are expected to have due regard for the impact of their personal behaviour and conduct on the University, students, colleagues, business stakeholders and our community. Each employee must demonstrate adherence to our Code of Professional Conduct. In addition, all employees should have particular regard for their responsibilities under Cardiff Metropolitan University's Equalities, Financial, Environmental and sustainability, People Services and Health and Safety policies and procedures.
